PAY IT FORWARD - A CHALLENGE FOR OUR FUTURE!

This is the time to be thinking about what we can do in our businesses and in our personal lives to help out the future of our earth. Any "GREEN" act, big or small, that you implement into your business will make an impact. Take this time to figure out what you can do to be "GREEN".

The Town of Sundre and the Sustainable Sundre Committee is excited to present the "Pay it Forward" challenge. This challenge is intended to encourage the local business community in implementing "GREEN" initiatives into their daily operations. If you

have accepted this challenge you have committed your business to completing this task within one month. If you are ready to "Pay it Forward" before that one month is up, please do so. Please display the trophy in a visible spot in your business while you are implementing you green initiative. Once you have notified the Sustainability Coordinator at the Town office what your green initiative is, you are ready to "Pay it Forward" to another business. The Town of Sundre will showcase your business in the Sundre Roundup and on our website www.sundre.com. Thank you for taking part in this project, we commend you on your efforts!

Add some green!
Did you know that by adding live plants into your office space will help make the air seem fresh and soften the atmosphere of the room.
